DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or make obvious the claimed automatic firearm. Specifically, the prior art fails to show an automatic firearm with a moving breech, a breech catch with a sear arm mounted on the breech catch, and a safety to permit at least one of the sear arm and the breech catch to move out of the path of the breech, but maintain the sear arm in engagement with the breech when the breech is cocked and the firearm is dropped. Also, the prior art fails to show an automatic firearm with a spring biased trigger, a pivoting breech catch, a safety catch mounted on the breech catch which is forced into its locking position by the breech moving forward, and a safety catch mechanism to lock the trigger in its resting position and to lock the safety catch into engagement with the breech.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-20 are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Roca et al, Plebani, Felk, and Zamacola are cited as being of interest since they disclose automatic firearms with safety means.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Woodrow Eldred whose telephone number is 703-306-4151. The examiner can normally be reached on Monday to Thursday, from 8:00 a.m. to 5:30 p.m..
